

DESCRIPTION

The Sail collection celebrates the magic of bounce-light. A small yet powerful spotlight is concealed within a cone shade. The spotlight shoots upwards, bouncing off a 13" diameter brass disc which reflects a beautiful glow of soft light. Its solid-brass swivel allows for full rotation of the reflective disc. At any moment a user can adjust the light left, right, forwards, or against the wall. Sail feels simple yet expressive, merging our artisan craftsmanship and quality materials with a fun interactive element that is quintessential to creating different lighting moods.
