

Palm Sconce

Drawing inspiration from the beach modernism of the Fire Island Pines, the Palm series combines hand rolled, kiln slumped glass and precision machined steel or brass elements. The subtle texture and soft edge of the glass provides a warm counterpoint to the metal's strict lines.

Materials

Steel or Brass
 Polished or Satin
 Slumped Glass
 6 Standard Colors

Specs

2 G9 sockets, max 15W each
 3W LED bulbs included
 Dimmable 120V, UL approved
