

COOPERAGE CHAIR

A barrel-like coopered construction uses contrasting color boards that alternate creating a graphic pattern through a two toned construction. An upholstered cushion is supported by a strapped seat below providing long term comfort

Material & Finish

Available in alternating white oak/roasted oak, sapele/roasted oak, hard maple/roasted oak and alternating sapele/hard maple. Also available in single species non-striped versions in bleached hard maple, hard maple, lightened white oak, white oak, walnut and ebonized walnut

F—S

Special Notes

There are four hard plastic slides inserted into the base of the chair for ease of movement

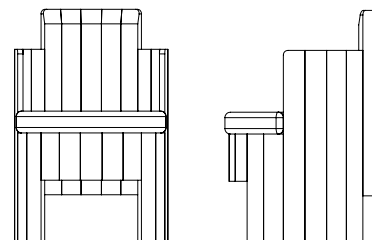

Lead Time

14-16 Weeks
