Description

TRELLIS SCONCE is a sculptural fixture designed to balance geometry and luminosity for exterior and interior spaces. Clad in richly patinated oxidized copper with articulated copper banding on the outside, the fixtures interior glows with hand-polished satin copper, protected by four planes of glass.

At its heart, an oversized matte porcelain globe casts a soft, ambient light, enhanced by the gentle reflection of its copper surround.

Hardware Finish

Exterior Finish Oxidized Copper
Interior Finish Satin Copper

Glass Options

Fluted Glass
Clear Glass
