

Arca Portable

Matter Made

Product Type Table Lamp

Arca Portable is the latest addition to the iconic Arca collection, designed by Philippe Malouin. The Arca Portable lamp is the first of its kind to the contemporary market, designed and built with today's user in mind. Inside the small opal glass globe is a single and powerful 110lm LED module.

Plugged in, the lamp offers endless hours of use as a bedside, reading or task lamp. Untethered, its lithium battery offers 6-30 hours of use depending on which of its 4 settings are used – night, ambient, reading or task. Travel ready, the stem is also demountable for easy flat packing. Selection of international plugs included.

** Pre-order. Ships in early 2021. (The first limited batch, being delivered in Mid-December, is sold out).*

Materials

Brass, Aluminum, Glass

Dimensions

L 8" x W 4.6" x H 16.3"

L 20.3cm x W 11.7cm x H 41.5cm

Finish

Soft Touch Black
