

Pulley Pendant

DESCRIPTION

We are excited to present the Pulley Pendant. Pulley is a height-adjustable pendant system custom-designed and produced for each customer's unique interior. A solid brass weight, carefully combined with brass and hardwood details, counterbalances a blown glass globe. The pulley apparatus allows for smooth adjustment of the brass mesh wire length, allowing designers to dial in the final position on-site easily. Pulley blends fun and interactive design with serious attention to detail, luxury materials, and artisan craftsmanship.

MATERIALS

Brass, Glass, Wood

METAL FINISHES

Available in All Standard Metal Finishes
