BOUNCE

Karl Zahn's Bounce combines a folded aluminum shade and an independently positioned light source. One side of the shade is white to reflect illumination while the other has a decorative anodized or woodvener finish.

Integrated LED

Details

Lead Time	16 weeks
Materials	Aluminum, wood veneer
Suspension	8-foot chain. Length can be adjusted on site.
Dimmer Compatibility	Electronic Low Voltage (ELV)

Year

2014

Designer

Born and raised in rural Vermont, Karl Zahn's work with wood and natural materials developed out of his time spent playing in forests and wood shops. His designs express a pared down simplicity and stark aesthetic that blends modernist hard lines with traditional furniture craft. After earning a degree in product design from the Rhode Island School of Design in 2003, Karl travelled to San Francisco, where he immersed himself in the creative and complicated metalworking culture that thrives there. In 2007, he moved to New York to begin working on his own. He lives in Greenpoint, Brooklyn.
