

## Pivot Single Wall Sconce

The Pivot LED with its articulated arm and adjustable head this brass or steel lamp, is not only multidimensional, but it is an ever changing line drawing that nestles into a room. Reminiscent of industrial piping, the warmth of the refined material makes for an elegant lamp that conforms to a user's every need in a unique and playful way that has a hint of vintage and yet completely contemporary. Available in Hard-Wired or Plug-in.
